

ARCHIVES INDEX

SOURCE STATIONS IN CHRONOLOGICAL ORDER

3.1.0

	Year	Number
Lichfield/Sandfields	1858	3.1.1
Huntington	1878	2
Moors Gorse	1879	3
Hopwas	1880	See 64
Fradley	1892	4
Shenstone	1892	5
Ashwood	1893	6
Bourne Vale	1894	7
Hinksford	1900	8
Trant Valley	1900	9
Brindley Bank	1907	10
Pipe Hill	1910	11
Mayfield	1912	12
Maple Brook	1915	13
Somerford	1923	14
Slade Heath	1924	15
Prestwood	1927	16
Crumpwood	1928	17
Kinver Old	1930	18
Little Hay	1930	19
Slitting Mill	1933	20
Sandhills	1935	21
Chilcote	1936	22
Kinver New	1939	23
Seedy Mill Borehole	1939	24
Nethertown	1947	25
Shaft 20	1949	26
Churchill	1951	27
Seedy Mill Blithe	1952	28
Hagley	1956	29
Cookley	1962	30
Hopwas (1880)	1964	31
Hampton Loade	1965	32

CONTENTS

1. Contracts Nos. 1 and 2. Payments to Contractors and final accounts. Lichfield Conduit Lands.
2. Motor Pumps, Messrs. Allen & Coys tender specification and letters. Lichfield Conduit Lands.
3. Motor Pump. Messrs. Allen & Coys three prints.
Lichfield Conduit Lands.
4. Motor Drainage Pump. Tender Specification and letters.
Lichfield Conduit Lands.
5. Engine House. Builders tender priced schedule and signed contract. Lichfield Conduit Lands.
6. Engine House. Signed contract drawings. Lichfield Conduit Lands
7. Agreement. Copy of agreement with the Trustees Lichfield Conduit Lands.
8. Description of Lichfield Conduit Lands Trust
Water Supply - Aldershaw Springs
9. Conveyances Nos. 11, 13, 14 Site of Stations Conduit Lands reports on well sinking.
10. Proposed alteration to boiler feed water and estimated cost of new steam range 1920.
11. Engines Nos. 1, 2 and 3 Specifications and costs of repairs to engines and foundations 1909.
12. Three new boilers 1907 Tenders, Contract etc.
13. Reports and papers re worn out boilers
14. Cornish Engine Specification and account
15. Slack Shed, boundary wall, boiler house roof repair and butrusses to walls
16. Engines Nos. 1, 2 and 3 Report on stoppages 1869-76.

FILTRATION PLANT

17. Heating apparatus
Birmingham Canal Navigations correspondence
18. Description of Pumping Station and Filtration Plant
19. Gray's Ferro-Concrete Co Spec and schedule of prices
Contract No. 3.
20. Paterson Engineering Co Spec and schedule of prices
21. Ritchie - Steel Schedules
22. Graphs - Fluxograph - Flow - Washwater
Depth of sand in filters
Revised spec and tenders - Paterson

23. Reports on outlet controls
24. Pumping Costs charts
25. Chemists Reports Jan & July 1927 - Wash Water 1930
26. Running Costs 1927
27. Running Costs 1928
28. Running Costs 1929
29. Le Genie Civil (23.7.27) - French report on plant
30. Running Costs 1930
31. Contract No. 2 - Paterson
Certificates - Final Account - Letters
32. Contract No. 3 - Grays Ferro Concrete
Certificates - Final Account - Letters
33. Grays Ferro Concrete - Accounts
34. Report - Gas Liquor and public sewers - J Hurley
City of Lichfield - Curborough Outfall
35. Filtration Plant - Signed Contract Drawings

RECONSTRUCTION 1922 ONWARDS

36. Statement of building reconstruction costs
37. Plan of Uniflow Engine Foundations
38. Sections of Uniflow Engine Foundations
39. Detail of RSJ's - Engine Room Floor
40. Detail of tiling Engine Room Floor
41. Detail of RSJ's over compressor room
42. Basement Plan - Uniflow engine house
43. Instructions for starting plant
44. Report of Trials - Boiler feed pump - Water Softening
Plant
Neckar System - Steam Purifier
45. Letters - Cylinder lubrication - Boiler Performance
46. Letters - Crane - Anx lighting set - drainage pump
47. Letters - Main Contract
48. Conditions of Contract Specification etc.
49. Summaries of costs

UNIFLOW ENGINES

50. Vidimus of tenders - Diesel, steam, gas and oil plant
Electricity Supply
51. Signed contract and payment certificates
52. Sulzer Bros Tenders
53. Sulzer Bros Report on official trials
54. Observation sheets for official trials
55. Report on official trials
56. Signed specification and schedule
57. Chemical Treatment & Filtration Installation Contract No. 2
58. Final Account for Filtration Installation
59. Test results and indicator diagrams.
60. Sewage Pollution - Leamonsley Brook
61. Complaints re excess smoke
62. Supply to Hammerwich Rectory and village
from 24" Sandfields Main - 1895.
63. Photographs.
64. Photographs - Treatment
65. History
66. Reprint from "Engineering" - Description of Station
67. Proposals to convert to oil-fired boilers.
68. Estimate for erection of new boiler and engine house

LAND

1. Conveyance Nr 35 & letters
2. Littleton Colliery letters & notes

BUILDINGS

3. Specification & accounts

ENGINES & BOILERS

4. Specification & contract (Includes Moors Gorse)
5. Correspondence 1876 - 1879
6. Accounts and letters & particulars of Engines 1919
7. Report on proposed electrical plant
8. Specification for dismantling old steam plant
9. Signed specification for Electrically operated pumping plant.
10. Spare copy of Specification for Electrical Plant
11. Works tests on well & booster pump motors transformers and rectifiers.
12. Works tests on well & booster pumps.
13. Vidimus of tenders for pumping plant
Report re rectifiers
Report re plumbing of well
Spec for ozonisation plant.
Agreement for the supply of electricity
14. Specification and estimate for heating installation
15. Copy of agreement for the erection of electric pumping plant.
16. Ozonisation equipment and electric plant.
17. Copy of specification
18. Sulzers tender.
19. DESCRIPTION OF WORKS - (Includes photos of station)
20. Photographs.
21. Summary of Costs
22. Trial pumping results - Interesting letter re catchment in the vicinity.

(II)

WELL & HEADING

23. Reports on silt in well & survey of heading
24. Reports on water levels and pumping from well and colliery shaft 1895.
25. Well sinking estimates & contract
26. Estimates & letters re heading & boreholes
27. Geologists report on strata
28. Lord Hatherton's water supply to houses near the pumping station.
29. Report on rainstorm & contamination June 1931
Chemists report on treatment & analysis.
30. Littleton Colliery 1914. Proposed purchase of water from Colliery - reports & analysis.
31. Depletion of supply 1900
Copies of Board Minutes re depletion
between March & October 1900
Report on feasibility of increased yield.
32. Ozone plant contract.
33. Ozone Plant - Description of Station
34. Letters from James Watt & Co.

1879 (See Scout House Reservoir 4.2.6.)

1. Contract Nr 66 Specification and schedule of prices 1953.
2. Photographs
3. Photographs of the beam engines with index.
4. Description - History - Demolition.
5. Summary of costs.

LAND

1. Conveyance Nr 46 - Site of Pumping Station

WELLS & BOREHOLES

2. Tenders - Contract for Well
3. 12" & 14" Boreholes - Tenders - letter - accounts
Pumping test results.

BUILDINGS

4. Specification, quantities, tenders
5. Contract & schedule of prices for cottages

ENGINES

6. Report on new force pump board
Report on removal of incrustation of condensers
7. Nr 2 Engine Specification & contract
Tenders for boiler repair, 1934
8. Nr 1 Engine - Tenders for repair of boilers
9. Report on sewerage Fradley & District
10. Summaries of costs

SOFTENING PLANT

11. Agreement for laying drain with Ranton Estates and the
Earl of Lichfield.
12. Agreement for laying drain with L M S Railway Co
13. Contract with the Permutit Co Ltd
14. Final certificate Nr 6 Building Contract
15. Building contract - Thos Lowe & Sons Ltd
Specification and priced bill of quantities
16. Operating instructions - Permutit plant
17. Instructions to tenderers for submitting scheme
18. Preliminary data & photos
19. Contract drawings
20. Photographs
21. Removal of deposit on Nr. 1 Condensor 1919.

LAND & BUILDINGS

1. Conveyance Nr. 49 - Malkin's Coppice
2. " 50 - " 2nd Part 1919
3. Tenants agreements to rent - Pipes on Cooper's land.
Sewage Ashcroft Lane - Proposed redemption of Tythe Rent.
4. Contracts for engine house, boiler house stack and
cottages.
5. Subway for 24" Main under LMS Railway.
6. Report on proposed Electric Lighting installation.
7. 12" Surface water drain in Lynn Lane.

WELL

8. Well sinking letters and accounts.
9. 4" Trial borehole - Diagram of strata. Section of
heading.
10. 15" Borehole at bottom of well.
11. 18" Borehole in field & heading to well.
12. Geologist's report 1899 - Pumping Tests 1906
Analysis of water from Cooper's Land 1909

ENGINES

13. Specifications, tenders, contract, Nrs 1 & 2 Engines.
14. Boiler House. Nr. 4 Boiler
15. 1933 Repairs to Nr. 1 Engine Well Pump - Diving by
Siebe Gormann.
16. Summary of costs.
17. Surface catchment system originally used to augment
well supply.
18. Photographs.

Nr 1 ENGINE

1. Contract Spec Engine & Boilers
Sketch and costs of broken lift

Nr 2 ENGINE

2. Prelim. notes & estimates
3. Vidimus of tenders, spec & contract
Spec & contract for two boilers
Report on engine trials
Statement of accom.
Tenders for boilers etc.

Nr 3 ENGINE

4. Letters re Ashwood & Trent Valley
Engines & lubricators
Spec, tender and drawing
Spec, and contact, official trial
Compositive costs 2nd & 3rd Engine

BOREHOLES 1 to 6

5. Boreholes 1 & 2 Tenders for boring
lining tubes, letters & accounts
Letter & note on station
6. Boreholes 3 & 4 Vidimus of tenders
Letters re tender, spec, schedule of prices and
contract, letters re accounts & statement of A/C
7. Boreholes 5 & 6 Vidimus of tenders for boring and
for cast iron cylinders
Contract for boring and tenders (6)
Letter re reduced diameter, chemical analysis accounts
and final statement

LAND

8. Agreement to purchase
Conveyances Nrs 51 & 52
Letters re laying additional 18" Main
Conveyance Nr 53 (ASH TIP)

MAINLAYING ETC.

9. Contract for cast iron pipes
Notes re free supply
Letters & reports re claims for drainage to farm
by burst main
Letters re supply to farm & fire hydrants
10. Letters re drains on Mr Foley's Land
11. Papers re Central Electricity Scheme
12. Coal Handling Plant
13. Summary of costs - March 1928 & description of
station

ASHWOOD STATION INDEX (continued)

BUILDING Nr 3 ENGINE HOUSE

14. Vidimus of Tenders, Letters & contract
15. Contractors Tenders
16. Bills of quantities & specification

BUILDING / Nr 1 ENGINE HOUSE

17. Spec, tenders, bill of quantities and schedule of prices.
Specification and contract for five cottages at Ashwood and Bourne Vale

Nr 2 ENGINE HOUSE

18. Tenders, specification and contract
19. Spec. and bill of quantities
20. Statement of Accounts
21. Report on ventilation of Nr 2 Cistern
22. Photorgraphs
23. Davey's Differential Gear.
24. 1969 Contract Nr. 347 Contact Tank

1894

LAND

1. Agreement to purchase land near Bourne Pool
Conveyance Nr 54 Site of Pumping Stations
Agreement Nr 199 Site of Ash Tip (Rented)
Particulars of valves etc on main
Report on proposed purchase of land for Ash Tip

BUILDING

2. Tenders, specs, contract, Boundary Wall

WELL & BOREHOLE

3. Well sinking statement, tenders for 15" Borehole
Contract & Schedule Journal of boring and test
pumping
Statement of accounts

ENGINE NR1

4. Report re low vacuum & indicator diagrams
Report re new fine bars from Excelsior Foundry
Spec for new force pump body, Engine Nr 2
5. Tender, Spec, Letters & Accounts

ENGINE NR 2

6. Tenders, Spec, Contract, Letters and Accounts
Reports on pumping tests and well capacity
7. Reports on the condition of the engines
8. Messrs Cashmores accepted Tender & Spec etc for
dismantling plants
9. Quotation from Salzer Bros Ltd
Vidimus schedule of prices
Vidimus Schedule of guarantees

ELECTRICAL PUMPING PLANT

10. Copy of agreement for supply of electricity
11. List of tenders for new plant with vidimus of schedule
of prices and guarantees
12. Messrs Hathorn Davey's proposal specification and tender
for alternative steam plant.
13. Messrs Sulzer's accepted tender, specification and
copy of contract agreement.
14. Report on tests at B.T.H. Company's Works on motors
and electrical equipment.
15. Summary of costs
16. Photographs

HINKSFORD STATION INDEX

3.1.8

1900

LAND

1. Particulars of land.
2. Letters re Canal Coy.
3. Spare

BUILDINGS

4. Tenders and contracts
5. Specification. Bill of Quantities
6. Builders Accounts
7. Canal Wharf Accounts.

WELL

8. Well sinking report book
9. Cost of well, letters, tracings, chemical analysis.

PUMPING MAIN

10. 15" Cast Iron main specification and contract laying accounts.
11. Specification & contract for engines, test reports, insurances, etc.
12. Geological section of 12" Borehole
13. Engineers journal of boring and correspondence
14. Contract, accounts, certificates
15. Well water level charts
16. Fire insurance policies
17. Summary of Costs
18. Photographs

1900

LAND

1. Particulars of land and agreement with L & NW Rlwy.Co.
2. Conveyance Nr. 62.

BUILDINGS

3. Vidimus of tenders contract, specification and cost.
Foundations for Nr 2 Engine.
4. Specification and bill of quantities.
5. Builders statement of accounts.
6. Railway sidings agreement and weighbridge.
7. Deeds of purchase from the Gerald Trust.

ENGINES

8. Nr. 1 Engine specification and contract - Boiler specification.
9. Nr. 2. Engine specification and contract.
10. Estimated cost of pumping station.
Temporary supply from Trent Valley Maltings - Sewerage.
11. Reports on overhaul of Engines and Pumps.
Chemists report on boiler feed water.

BOREHOLES

12. Vidimus of tenders Nrs. 1 & 2 Boreholes.
Specification, contract and bond.
13. Statement of Accounts.
14. Vidimus of tenders Nos. 3 & 4 Boreholes.
15. Statement of Accounts.
16. Statement of water pumped and water levels 1906.
17. Summary of Station Costs.
18. Photographs.

STATION

19. Correspondence & Description

1907

LAND

1. Particulars of land.
2. Letters re canal wharf and footpath, etc.

BUILDINGS

3. Tenders and contract
4. Specification and quantities
5. Letters re buildings
6. Statement of Costs

BOREHOLES 1 & 2

7. Vidimus of tenders, specification and contract, tenders and letters re lining trees, etc.
8. Depth and strata, verticality tests 1st, 2nd & 3rd pumping tests and chemical analysis.
9. Statement of Accounts
10. Filtration plant, specification and contract, reports on water.

NR. 1 ENGINE & 2 BOILERS

11. Vidimus of tenders, specification and contract and letters.
12. Letters re crane, boilers and barring engine
13. Report on pressures 18" main
14. Correspondence & reports re Filters
15. Summary of Costs
16. Photographs
17. Museum

1910

LAND & BUILDINGS

1. Conveyance Nr. 65
2. Contract Tenders
3. Correspondence re land and wharf
4. Priced bill of quantities

ENGINE NR. 1

5. Ashton Frost's Estimate for new Corliss cut-off motion for Nr. 1 Engine.

Test bars of metal for borehole buckets.

Electric lighting plant - description
6. Vidimus of tenders, specification, contract, official trials.

ENGINE NR. 2

7. Vidimus of tenders, specification and contract.
8. Correspondence and accounts.
9. Particulars of station and estimates for main.

BOREHOLES

10. Tests of yield at 302' & 547' - Borehole Nr. 1.
11. Vidimus of tenders, specification, schedule, contract & Statements of Account.
12. Statement of Account and correspondence.
13. Correspondence - A. C. Potter
14. "
15. Vidimus of tenders, specification schedule & Contract.
16. Summary of station costs.
17. Photographs.
18. Misc. Correspondence
19. " " Press cuttings - Diag. of steam engine

1912

1. Data

1915

LAND, BOREHOLES 1 & 2 BUILDINGS

1. Particulars of land
2. Boreholes 1 & 2 tenders, contract
3. Buildings, tenders, contract
4. Specifications, bill of quantities
5. Insurance policies, fencing, traffic
6. Borehole dimensions

BOREHOLES 3 & 4

7. Vidimus of tenders, specification and agreement
8. Certificates of payment
9. Accounts and correspondence
10. Journal of boring No 3
11. Progress charts Nr 3 & 4
12. Geological sections
13. Timesheets Nr 2 Borehole Breakdown

Nr 1 ENGINE (H ASHTON HILL)

14. Vidimus of tenders, specification, contract
15. Letters re Boilers, reheaters, pumping test, chemical analysis, specification, electric lighting plant
16. Nr 2 Borehole pump breakdown
Water level reports
Pump discharge estimates and diagrams

Nr 2 ENGINE (H K BEALE)

17. Vidimus of tenders and specification
18. Glenfield & Kennedy's specification & tender
19. Contract with Glenfield & Kennedy
20. Letters re contract
21. Correspondence with Glenfield & Kennedy
22. Certificates for payment
23. Copy of official trial November 1923
24. Signed Contract Dwgs
25. Report on coal consumption
26. Official Test

MAPLEBROOK STATION INDEX - continued

27. Estimate for Foreman's House

28. Summary of costs

BOREHOLES 3 & 4

29. Correspondence 1919

1923

LAND

1. Conveyance Nr 74A - Site
- " Nr 74B (Pipe Line) and 74C

BUILDINGS

2. Vidimus of tenders, contract, final certificate.
3. Specification and bill of quantities.
4. Block Plan 1/16 inch scale.
5. Pumping Station plan and elevations $\frac{1}{8}$ inch scale.
6. Pumping station front elevation $\frac{1}{2}$ inch scale.
7. Cottages plans and elevations $\frac{1}{8}$ inch scale.
8. Cottages front elevation and section $\frac{1}{2}$ inch scale.
9. Building plans approved by F. Monkton, Esq.
10. Particulars of Electricity Supply from Wolverhampton Corpn.
11. Agreement with T. Lowe for extension of Pumping Station.
12. Parliamentary estimates for Somerford & Slade Heath.

E. C. KEAY ENGINE

13. Preliminary specification for Slade Heath & Somerford.
14. Sulzer Bros. preliminary proposals.
15. Conditions of contract and specification.
16. Vidimus of tenders.
17. Sulzer Tender and two drawings.
18. Notes on Sulzer Tender.
19. Specification for 24 Ton Electric Crane.
20. Signed Contract.
21. Official trial of plant.
22. " "
23. Sulzer Bros. Tender
24. Statement of Annual Costs 1923 - 28
Water Analysis - Chloride Content Graphs.
New gears for gear box.
25. Description of Plant.

SOMERFORD STATION INDEX ContinuedP.V.W. GELL ENGINE

26. Tender, specification and schedule of prices.
Vidimus of tenders.
27. Sulzers Tender.
28. Works test of diesel engine.
29. Description of Plant.
30. Borehole Nr. 2 Certificates & Contractors statements -
C. Isler.
31. Summary of Costs.
32. First Engine - Test 16 August 1923.
33. Second Engine - Test 26 February 1937
34. Correspondence re Borehole cores.
35. Photographs
36. Paper presented to IWE by Fred J. Dixon.

1924

LAND & BUILDINGS

1. Conveyances No. 72 Site & Wharf.Nr 73 White Lodge.
2. Agreements L & NW Railway - Tip - Subway.
Agreement with Staffordshire & Worcs. Canal Co.
3. Contract Priced Schedule - Buildings - T. Lowe
Vidimus of tenders.
4. Cracks in Engine House wall

ENGINES

5. Application to Treasury & Ministry of Munitions.
6. Statement to Treasury.
7. Coal wagons and elevators - Galloways offer.
8. Official test W.W. Wiggin Engine.
9. Specification for W.W. Wiggin Engine - Pumps & Boilers.
10. Tender for W.W. Wiggins Engine.
11. Description of Slade Heath and photographs.
12. Tenders of Hathorn Davey for W. W. Worthington Engine.
13. Copy of Hathorn Davey tender and contract agreement.
14. Report on inspection and official trials (W.W.Worthington).
Borehole Water Level Report 1932
15. Specification and priced schedule for foundations. T. Lowe
16. Description of plant W. W. Worthington engine.
17. Summary of costs.
18. Report on official test - W. W. Wiggin.
19. Photographs.
20. Official Trial W. W. Wiggin engine
21. Station Drawings.

1927

LAND & BUILDINGS

1. Particulars of land, etc. Deed Nr 91
2. Vidimus of tenders
3. Contract Bill
4. Final Statement of Account
5. Plans, Sections, Elevations $\frac{1}{8}$ " Scale
6. Plans $\frac{1}{4}$ " Scale
7. Engine House $\frac{1}{2}$ " detail
8. Sections Sheet Nr 1
9. Sections Sheet Nr 2
10. Details of subsidiary entrance
11. General Plan of Cottages
12. Electric Power Supply Agreement

PLANT

13. Correspondence 1925/26 Sulzer Bros.
14. General Description of Station and Plant
15. Specification and contract for Electrical Pumping Plant
16. Sulzer Bros. Tender
17. Signed Contract and Letters
18. Certificates of Payments
19. Preliminary pumping tests, table of discharge from pumps, water levels of wells and streams in the area.
20. Test sheets, instructions re oil filters & commutator machines.
21. Letter re preliminary scheme from Sulzer.
22. Sulzer Tender for split lift - Not accepted
23. Result of official trials
24. Electroflo & Venturi Meters - Reports & Charts.
25. Contract Nr. 2 - Description - Drawings
26. Reports - Ammeters - Electroflo Meters - New Panel 1929, Pumping Costs.
27. Filters for pumps - Pump Clearances.

- 28. Frequency change 1930.
- 29. Frequency change 1930 - Costs incurred.
General re-arrangement of electrical plant
26 June 1929.
- 30. Summaries of Costs
- 31. Photographs
- 32. Contract Nr. 1 - Prestwood Boreholes.
- 33. Photographs
- 34. Description - Correspondence - Electrical Accident.

CRUMPWOOD STATION INDEX

1928

1. Photographs
2. History

NO. 2 PUMP HOUSE

CONTENTS

1. Description of electrically driven combined Borehole and Booster Pumps.

Report on Works Tests of electrically driven centrifugal borehole pump dated 26 July 1934.

Report and results of tests on commutator motor No. 56486 dated August 1934.
2. Messrs. Mather & Platt's estimate and details.

Copies of Contract with Messrs. Mather & Platt.
3. Borehole No. 2 Reports on trial boring by S.S.W.W.Co. 1933.

Messrs. Isler & Co.'s estimate for No. 2 Borehole and copy of letter of acceptance of Tender.

Report on progress of boring - January 1934.
 ditto February 1934

Report on plumbing test - April 1934

Geological Section of finished Borehole.

Messrs. Isler & Co.'s Foreman's Log Book.
4. Borehole No. 2 Report re possible causes of pollution of the borehole and well of No 1 Pump House due to flood water from the River Stour.
5. Certificates & Statements. Trial Boring. Isler & Co. Ltd.
6. " " Borehole No. 2 "
7. Summary of Costs
8. Manufacturers Instructions
9. Photographs

1930

1. LAND - Copy of Conveyance No. 78 and Plan
" Agreement re Weir.
Letter and Statement of charges for land.
2. BUILDINGS - Vidimus of Tenders and Fire Insurance Policy
(Cottages)
3. Signed Contract, Specification and priced Schedule.
4. Final Statement of Account and Certificates.

Statement of additions and deductions from the
Final Account rendered by the Contractors with
agreed total.

Statement of measured extra works on Settling Tanks.
" " " " Valve Chamber,
Inspection Chambers and drains.

CONTRACT DRAWINGS

5. No. 1 Block Plan of site showing layout.
6. No. 2 Engine House plans, elevation and section, $\frac{1}{8}$ " scale.
7. No. 3 -do- elevations, section and plan, $\frac{1}{8}$ " "
8. No. 4 Cottages, plans $\frac{1}{8}$ " "
9. No. 5 Engine House, Detail of front elevation $\frac{1}{2}$ " "
10. No. 6 Cottages, " Cottages $\frac{1}{2}$ " "
11. Detail Drawing showing increased thickness
of outer walls of Settling Tanks $\frac{1}{2}$ " "

FREE WATER SUPPLY

12. Letters re supply to Manley Hall.

ENGINES & PUMPS

13. Vidimus of Tenders and Notes
14. Electric Supply and Equipment. (Proposed)
15. Reports re inspection of Engines at Messrs. Allen & Co.'s
Works
16. Steel Oil Storage Tanks.
17. Reports on Erection of Plant.
Report on inspection of Plant at Liverpool.
Report on test run on No.2 Borehole Pump. Sept.2nd 1930.
Messrs. Allen & Co.'s Guarantee re Citroen Gears
18. Contract Specification and signed Contract.

LITTLE HAY STATION INDEX, Continued

ENGINES & PUMPS, Continued

19. Report on the withdrawal of No. 1 Borehole Pump. Oct.1930.
 Report on the withdrawal of No. 1 Borehole Pump. Jan.1931.
 Report on test pumping of Borehole Pumps and condition
 of Strainers. August 1930.

 Report on the Gear Boxes after alterations. Jan. 1932.

 Official Trial figures.

 Report on overhaul of No. 1 Engine. December 1932.
20. Technical particulars of Plant.

 Particulars of test on 750 B.H.P. Diesel Engine at
 Messrs. Allen & Co.'s works.
21. Description of Works.
22. Specification from W.H.Allen Sons & Co.Ltd.
23. Works Test with Mr. Pyne 10.2.37.
24. Payment Certificates.
25. Description of Plant.
26. Report on defective cylinder head No. 2 engine.
27. Summary of Costs

1933

1. LAND

Copy of Conveyance No. 76 and Plan
Copy of Conveyance No. 76D and Plan

Report on right of way over carriageway from
main road to Company's land.

Copy of tenancy agreement of land let to Farmer.

MILL POOL

Estimate of cost for lining etc.,

OVERFLOW FROM BOREHOLE

Report on pipe capacity to drain to brook.

2. BUILDINGS

Contract agreement, signed specification
and priced schedule.

3. FINAL STATEMENT OF ACCOUNT

4. Plan and elevations of Engine House
Plan and elevations of Cottages.

5. Plan of Station showing Engine House, Cottages
main connections and drains.

6. Graph of Water Levels in Boreholes 1 & 2

7. ELECTRICAL PLANT

Particulars of Contract with Messrs. Mather & Platt
Schedule of prices, blue prints, etc.,

8. Reports on Defects of Brushgear
Reports on Radio Interference.

9. MATHER & PLATT/B.T.H

Catalogues & blue prints

10. PROPOSED PUMPING PLANT

Steam turbine driven borehole pump particulars and
prices by Messrs Allen & Co.,

Report re; Cummutator Motor.

Notes on Commutator Motor and Scherbius Equipment Nov.1930

SLITTING-MILL STATION INDEX

1933

10. PROPOSED ELECTRICAL PLANT

Vidimus of preliminary tenders and report, blue print, and other illustrations of motors.

11. ELECTRICAL PUMPING PLANT

Supply of current. Copy of agreement with the Trent Valley & High Peak Electricity Company.

Report of interview with officials of the Trent Valley & High Peak Electricity Company re. terms for supply of current.

Report of interview with Messrs. Twist & Co's engineer re. extensions of cable into building.

12. Vidimus of Tenders for complete plant with reports.

13. YEAR 1932

Reports on Works Test of Pumps and Motors.

Reports on Tests of Overhead Crane.

Reports of Boreholes

14. YEAR 1933

Report and chart showing recovery of water level in boreholes after pumping.

Report on pumping to clean out boreholes.

Memorandum of interview with Representatives of Messrs Mather & Platt Ltd., Jan 31st 1933

Report on Venturi Meter Recorder

Report on plumbing boreholes, March 23rd 1933

Report on Official Pumping Tests

Report on supply of electric current during preliminary pumping trials.

Report on defects in Electrical Equipment supplied by the B.T.H. Co Ltd.

15. Description of Plant and Technical Particulars

16. Report on the Official Trials of the Plant, March 24th and 27th 1933.

17. Report of Works Tests of Pump Motors and Transformers, together with the Contractor's Guarantees.

18. Summary of Costs.

19. Photographs

20. History & Description

1935

Nr. 3 PUMPHOUSE LAND & BUILDINGS

1. Land - Copies of Conveyances.
Nr. 110A Land from A.E. Marsh
Nr. 110B Deed of Grant to lay main and supply water for
fire to A.E. Marsh.
Nr. 110I Conveyance of land from A.E. Marsh
Nr. 110J Land to Shropshire, Worcestershire and Staffordshire
Elect Power Co.

Agreement to sink well and build Pumping Station with A.E. Marsh
dated March 1936.
Copy of letter to the Seisdon R.D. Council referring to fire
supply to Dunsley Hall.
Copy of letter to Staffs County Council referring to removal of
silt from under five arches.
2. Piling - Contract - spec. etc.
3. Buildings - Contract for Pumping Station and Cottage.
4. Buildings - Contract for Pumping Station and Cottage.
5. Land and Buildings.
6. Bulk supply to Seisdon R.D.C.
7. Automatic electrical plant.
8. Electric supply, report on power failure.
9. Mining Electrical Engineers visit and description of plant.
10. Automatic Electrical Plant. Summary of costs and removal of
old plant - Various estimates.
11. Electrical Plant - Power supply agreement - Plant test
certificates - Report on plant and pumping to waste.
12. Electrical Plant - Transformer tests - Contract - spec. and
agreement for construction.
13. Contract Nr. 5 for construction of Electrical Plant.
14. Photographs.

SEEDY MILL FARM

1. Auctioneers catalogue of sale - Lysways Estate
Copy of Agreement to purchase Seedy Mill
Copy of Conveyance Nr. 97 and plan.
2. Correspondence re purchaser of Seedy Mill.
3. Termination of tenancy - Valuation of fixtures.
4. Copy of tenancy agreement with Mr. P. Norton
Copy of agreement re erection of cowhouse
5. Water supply - estimated costs.
Report on old cottage and new house.
Provision of new shippens.
Pumping Station.

PUMPING STATION

6. Signed contract drawings for engine house and cottages.
7. Vidimus of tenders - Accepted Tender - Priced bill of quantities - Final account.
8. Drain from farm - Report and plan.
9. Estimate for erection of Pumping Station. Contract Nr. 4.
10. Copy of Sulzer Bros. specification and tender.
11. Agreement - Contract Nr. 2.
12. Description of plant and summary of costs.
13. B.T.H. Steel Tank Rectifiers.
14. Summary of costs.
15. Photographs.

1. Pumping rates - Drought Orders - Calculations.
2. Conveyance of land at Hamstall Ridware.
3. Design calculations - Abstraction rates.
4. Photographs.

1. Pumping plant.

Sales of old steam engine.
13. Proposed duplicate plant and estimates (1917)
Sketch of Mains in District (1918)
Report on old steam engine capacity
Home Office draft Electrical Regulations (1907)
Electric Water level indicator (1904)

14. Report on reduced cost of elect. current.
15. Electricity Supply Agreement.
16. Copy of works tests on Pumps, Transformers and Motors.
17. Quotation from Mather & Platt Ltd.
18. Description of new Electric Pumping Plant (JUNE 1937)
19. Photographs.

1. Conveyance Nr. 29 - Site of pumping station.
2. Specifications and contracts for Nrs. 1 & 2 Engines.
Repairs to engines.
References to Railway main.
3. Specifications for additional engine house, extension
of boiler house, raising stack and building 3 cottages.
4. Engine House Nr. 3 - Tenders, contract and account.
5. Engine House - Specification, bill of quantities.
6. Engine Nr. 4 - Specification - Vidimus of tenders
and accounts for Galloway steam engine.
7. Engines Nrs. 1, 2 & 3 - Papers re dismantling and removal.
8. Report on test Nrs. 2 & 3 Electric Pumps - 1926.
9. Centrifugal Pumps - Vidimus of tenders and estimates.
10. Certificates of payment - Sulzers - Smith & Bellhouse.
11. General description of plant.
12. Reports on tests and official trials.
13. Drawings showing pumps and foundations.
Sulzers Contract and Specification.

TURBO ALTERNATOR - PARSONS - 1924.

14. Engine house elevation drawings.
15. Engine house plans and sections.
16. Preliminary estimates.
17. Vidimus of tenders and Parson's tender.
18. Specification, signed tender and contract agreement Nr.1
19. Parson's tender and specification.
20. Report on the installation and official trials.
21. Summary of costs - Technical description - Trials.
22. Reports, certificates and summaries of tests.

- 23. Summary of final costs.
- 24. Photographs.
- 25. Miscellaneous correspondence.
- 26. Miscellaneous corredpondence.
- 27. Photographs.

1. Conveyances Nrs. 22, 23, 24, 25 Site of station and Reservoir Nr. 1.
Conveyance Nr. 99 and agreement to purchase strip of land.
2. Engine House Nr. 1 - Tenders.
Engine House Nr. 2 - Specification and contract.
3. Gas Engines - 1893 - Tenders, specification - Vidimus.
Nr. 2 Engine House 1904.
Dismantling 1937.
4. Electrical Pumping Plant.
General Arrangement drawing - Report - Tests - Instructions.
Seizure of balance valve Nr. 2 pump.
Automatic control.
5. Test figures and characteristic curves.
6. Certificates and statement of costs.
7. Power supply - Main switchboard - Venturi meter.
Telephone lines to Sedgley.
8. Mather & Platt's tender.
9. Tenders - Rees Roturbo - Sulzers - Vidimus.
10. Summary of costs.
11. Report on new electrical contrifugal plant - 1924.
12. Photographs.
13. Correspondence and tenders.

1. Agreement re purchase of land rented from Earl of Dudley.
Conveyance Nr. 57 Site of stations and reservoir.
Conveyance Nr. 57D Mineral rights purchased 1928.
2. Pumping Station roadway.
3. Nrs. 1 & 2 Engines. Tender, specification, contract.
4. Nr. 3 Boiler and feed pumps. Specification and Tender.
5. Nr. 3 Engine and turbine pump. Contract, accounts, trials.
6. Electrical Plant - Quotations - Mather & Platt.
7. Electrical Plant - Certificates - tests - prices.
8. Summary of Costs.
9. Nr. 1 Engine House and Boiler House - Tenders - Specification
- Contract.
10. Nr. 1 Engine House statement of accounts.
11. Contract for boundary wall - Repairs to boiler foundations
steel chimney stack - Foreman's house 100 Wellington Road.
12. Nr. 2 Engine House - Tenders - Contract.
13. Specification for dismantling Fawcett Preston Engines.
14. Correspondence - Engine Catalogues.
15. Photographs.

1. Description of plant and instructions. Costs.
2. Electricity supply schemes.
3. Pump house extension - correspondence - 1925.
4. Specification.
5. General Plan.
6. Final statement of accounts.

AUTOMATIC ELECTRICAL PLANT - 1926

7. Report on pumping tests and diagrams.
Instructions for operating plant.
8. Power Supply.
9. Electroflo meters.
10. Electric control gear and motor test certificates.
11. Rees Roturbo - Letters re contract and agreement.
12. Contract specification and priced schedule - Quotation
- Vidimus.
13. Copies of specification and schedule.
14. Summary of costs and description.
15. Photographs.

1. Turners Hill Supply.
2. Gas Engines and Pumps.
3. Messrs. Mather & Platt's quotation for pumping plant.
4. Report on works tests of new electrically driven pumping plant.
5. Description of new electric pumping plant and detailed cost.
6. Tender for pipe-laying - George Lane.
7. Summary of costs.
8. Photographs.
9. Description of gas engines supply.

1911

LAND

1. Conveyance No. 69 Site of Pumping Station
" No. 70 " Tanks
Report and plan of County Council's new building and improvement line, 1928.

BUILDINGS
